#### **Operating and Non-GAAP Financial Measures**

The Company includes operating measures (ACV) and other non-GAAP financial measures (EBITDA, adjusted EBITDA, adjusted net earnings and adjusted net earnings per share) in the summary financial information provided with this press release as supplemental information relating to its operating results. This financial information is not in accordance with, or an alternative for, GAAP-compliant financial information and may be different from the operating or non-GAAP financial information used by other companies. The Company believes that this presentation of ACV, EBITDA, adjusted EBITDA, adjusted net earnings and adjusted net earnings per share provides useful information to investors regarding certain additional financial and business trends relating to its financial condition and results of operations. ACV is a forward-looking operating measure used by management to better understand cloud services (SaaS and other related cloud services) revenue trends within the Company's business, as it reflects the Company's current estimate of revenue to be generated under existing customer contracts in the forward 12-month

period. EBITDA represents GAAP net earnings adjusted for amortization of intangibles, depreciation, interest (loss)/income & other, net, and income tax expense. Adjusted EBITDA represents GAAP net earnings adjusted for amortization of intangibles, depreciation, interest (loss)/income & other, net, income tax expense and non-cash stock-based compensation expense.

#### **Forward Looking Statements**

This press release contains forward-looking statements that are subject to substantial risks and uncertainties. There are a number of factors that could cause actual results or performance to differ materially from what is anticipated by statements made herein. These factors include, but are not limited to, continuing U.S. and global economic uncertainty and the timing and degree of business recovery; the irregular pattern of the Company's revenues; dependence on particular market segments or customers; competitive pressures; market acceptance of the Company's products and services; technological complexity; undetected software errors; potential product liability or warranty claims; risks associated with new product development; the challenges and risks associated with integration of acquired product lines, companies and services; uncertainty about the viability and effectiveness of strategic alliances; the Company's ability to satisfy in a timely manner all Securities and Exchange Commission (SEC) required filings and the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and the rules and regulations adopted under that Section; as well as a number of other risk factors that could affect the Company's future performance. For further information about risks the Company could experience as well as other information, please refer to the Company's current Form 10-K and other reports and documents subsequently filed with the SEC.
